the volume is published on the occasion of the birth centennial of eugenio coseriu 1921 2002 it is the first collective volume to appear in english in which various scholars present a variety of perspectives on coseriu s scholarly work and discuss its continuing relevance for the language sciences coseriu s international reputation has suffered from his commitment to publish in languages such as spanish german french italian romanian and portuguese to the detriment of english as a consequence his work is less well known outside romance and german linguistics the volume aims to raise the general awareness of coseriu s work among linguists around the world in accordance with coseriu s own adage that it takes a constructive mindset acknowledging accomplishments and limitations to do justice to all scholarly work in the humanities the articles are organized into three major thematic clusters 1 philosophy of language 2 history of the language sciences and 3 theory and practice of integral linguistics the volume is essential reading for anyone working in these fields and for those seeking to gain deeper understanding of coseriu s goal to develop a unitary approach to language which takes as its point of departure the activity of speaking

el contacto lingüístico es uno de los grandes temas de la sociolinguística cuando dos lenguas distintas o dos variedades de una misma lengua entran en contacto por motivos históricos sociales o culturales se presentan fenómenos muy interesantes que afectan a ambas lenguas o variedades estos fenómenos suelen estar influídos no solo por aspectos lingüísticos sino también por cuestiones extralingüísticas como el sexo la edad el grado de instrucción y el nivel socioeconómico de los hablantes al igual que por sus creencias y actitudes

through a detailed re reading of saussures s work in the light of contemporary developments in the human life and physical sciences paul thibault provides us with the means to redefine and refocus our theories of social meaning making saussure s theory of language is generally considered to be a formal theory of abstract sign types and sign systems separate from our individual and social practices of making meaning in this challenging book thibault presents a different view of saussure paying close attention to the original texts including the cours de linguistique generale he demonstrates that saussure was centrally concerned with trying to formulate a theory of how meanings are made re reading saussure does more than simply engage with saussure s theory in a

new and up to date way however in addition to demonstrating the continuing viability of saussure s thinking through a range of examples it makes an important intervention in contemporary linguistic and semiotic debate
