beyond agile auditing shows auditors and organizational leaders how to revolutionize the audit experience for decades auditors have unintentionally struck fear in their clients they are rarely welcomed into an area with open arms and are often viewed as one more

obstacle to delivering value but internal audit serves a vital function in reducing risk and ensuring success for all organizations in beyond agile auditing experienced audit and risk management leader clarissa lucas shows organizations how to go beyond collaboration and build a partnership between auditors and clients by leveraging this partnership organizations can experience more value added audit work faster time to results and resolution greater engagement and satisfaction from all parties involved and gain a competitive advantage in the marketplace by building upon the work of the devops community which reinvented the relationship between two groups that historically saw each other as adversaries and obstacles lucas applies new and better ways of working to the audit process in this reimagined world auditors as well as other assurance providers work closely with their clients to become strategic differentiators instead of obstacles providing stakeholders value they never imagined come join us in this brave new world of audit

crossover of audit and evaluation practices brings together academic analysis with insights from practitioners to discuss the potential for collaboration in audit and evaluation practices between three professional disciplines clearly written and thoughtfully organized this volume is structured in three parts to deal with theory practice issues and how the practices have worked together part one provides definitions of performance audit internal audit and program evaluation part two addresses several challenges that professionals face in applying these standards and principles part three contains examples of organizational collaboration between the practices how they have worked together and the lessons that were learned from that experience specific cases from the government accountability office and unesco undp and inter americas development bank illustrate what has worked or not and suggest reasons why crossover of audit and evaluation practices offers even the most skilled and experienced professional insight on how to bridge some of the divides it will help generate a better understanding of the activities and services that are either imposed on them or are freely available and help to stimulate their optimal use

this book investigates how corporate governance is directing the internal audit function iaf adaptation as a response to enterprise resource planning erp systems to date there is insufficient knowledge about the adaptations of the iaf which are required if it is to maintain its essential role as a governance mechanism this book extends the reader s knowledge by exploring and theorising the adaptation of the iaf after erp introduction and points towards future trends adopting an institutional approach it analyses how the iaf responds to the external governance pressures and the internal pressures of the control logic following the introduction of an erp system

featuring data from two listed companies in the food and beverage sector and two large banks operating in Egypt this volume will be of interest to researchers and academics in the field of financing and ERP systems in particular
