c wright mills 1916 1962 was a pathbreaking intellectual who transformed the independent american left in the 1940s and 1950s often challenging the established ideologies and approaches of fellow leftist thinkers mills was central to creating and developing the idea of the public intellectual in postwar america and laid the political foundations for the rise of the new left in the 1960s written by stanley aronowitz a leading sociologist and critic of american culture and politics taking it big reconstructs this icon's formation and the new dimension of american political life that followed his work aronowitz revisits mills's education and its role in shaping his outlook and intellectual restlessness mills defined himself as a maverick and aronowitz tests this claim which has been challenged in recent years against the work and thought of his contemporaries aronowitz describes mills's growing circle of contacts among the new york intellectuals and his efforts to reenergize the left by encouraging a fundamentally new theoretical orientation centered on more ambitious critiques of u s society blurring the rigid boundaries among philosophy history and social theory and between traditional orthodoxies and the radical imagination mills became one of the most admired and controversial thinkers of his time and was instrumental in inspiring the student and antiwar movements of the 1960s in this book aronowitz not only reclaims this critical thinker's reputation but also emphasizes his ongoing significance to debates on power in american democracy

why elites always rule democracies and why recognizing that reality can help us respond to the crisis of democracy today a central paradox of democracies is that they are always ruled by elites what can democracy mean in this context today it is often said that a populist revolt against elites is driving democratic politics throughout the west but in elites and democracy hugo drochon argues that democracy is more accurately and usefully understood as a perpetual struggle among competing elites between rising elites and ruling elites real political change comes from the interaction between social movements and elite political institutions such as parties but although true democracy the rule of the people may never be achieved striving towards it can bring about worthwhile democratic results at the turn of the twentieth century gaetano mosca vilfredo pareto and robert michels put forward elite theories of democracy and gave us terms such as the ruling class and elites itself drawing on their work and tracing the history of democratic thought through figures such as joseph schumpeter robert dahl c wright mills and raymond aron elites and democracy reveals that this fundamentally elitist basis of democracy democracy understood as competition between elites was there all along the challenge is to think it anew moving away from procedural or principled conceptions of democracy elites and democracy develops a dynamic theory of democracy one grounded in movement with current politics defined by a populist backlash against elites dynamic democracy offers the tools we urgently need to understand our contemporary predicament and to act upon it

critical theory the last stand for emancipation gathers leading voices in contemporary critical thought to reassert the enduring relevance of a tradition forged in resistance from the early insights of the frankfurt school to its intersections with decolonial queer ecological and postcolonial critiques this volume maps the evolving terrain of a radical project devoted to unveiling domination and envisioning emancipation at a time when neoliberal orthodoxy undermines critical scholarship and authoritarian populism distorts public discourse this book refuses resignation it offers instead a lucid and urgent intervention one that confronts the alienations of digital life the legacies of colonial violence and the manufactured chaos of late capitalism with essays ranging from genealogy to praxis from epistemology to affect this collection insists that critical theory is not an academic relic but a living practice of resistance whether reckoning with the failures of progress or reclaiming hope as a political act critical theory the last stand for emancipation is a call to think deeply act ethically and remember that critique remains a vital tool in the struggle for a more just world

mad men using the historical backdrop of the many events that came to demarcate the 1960s has presented a beautifully styled rendering of this tumultuous decade while teasing out a number of themes that resonate throughout the show and connect to the contemporary discourses that dominate today's political landscape the chapters of this book analyze the most important dimensions explored on the show including issues around gender race prejudice the family generational change the social movements of the 1960s our understanding of america's place in the world and the idea of work in the post war period mad men and politics provides the reader with an

understanding not only of the topics and issues that can be easily grasped while watching but also contemplates our historical perspective of the 1960s as we consider it through the telescope of our current condition

over the past two decades politicians have delegated many political decisions to expert agencies or quangos and portrayed the associated issues like monetary or drug policy as technocratic or managerial at the same time an increasing number of important political decisions are being removed from democratic public debate altogether leading many commentators to argue that they are part of a crisis of democracy marking the end of politics tracing the political uses a broad range of international case studies to chart the politicising and depoliticising dynamics that shape debates about the future of governance and the liberal democratic state the book is part of the new perspectives in policy and politics series and will be an important text for students of politics and policy as well as researchers and policy makers

an indispensable and exemplary reference work this encyclopedia adeptly navigates the multidisciplinary field of critical political science providing a comprehensive overview of the methods approaches concepts scholars and journals that have come to influence the discipline's development over the last six decades
